ATTENDANCE

EXECUTIVE COMMITTEE: (Roll call)

The following members were present: Town Manager: Wayne Fournier

John Nun – Selectman
Brian Walker – Selectman
Celeste Beaulieu - Selectwoman
Dave Bond
Bob Sutherland
Gary Donohue
Tim McCarthy (Absent)

PETITIONS FROM THE PUBLIC

Dick Norris introduced the prospect of having another Navy day for the USS Zumwalt. If the ExCom was interested in having the Day and if so when. The ExCom agreed that it should be held and Dick was asked to coordinate with the Recreation Commission to select a date.

OLD BUSINESS

Prior to 09/18/2010, see September 18, 2010 meeting minutes

09/17/2011 An article has been included in the Town Meeting warrant to appropriate up to $30,000 from the Long Term Transportation Reserve to develop the final engineering design for the Park & Ride Facility. For more information see the minutes of the 08-13-2011 meeting.

10/15/2011 A warrant article to appropriate up to $30,000 from the Long Term Transportation Reserve to fund the final design was approved at the 10/08/2011 Town Meeting. Mr. Bond acting on behalf of the Executive Committee and the Transportation Committee agreed to contact Land Services Inc. to initiate the project.

12/03/2011 No Change

02/04/2012 A copy of the design plan submitted by Land Services Inc. had been circulated to the ExCom. The plan was modified slightly to provide parking perpendicular to the Ring Road instead of parallel to the road. The ExCom members saw no issues with this change. It is the intention of Land Services Inc. to present a preliminary design to the Raymond Planning Board for its March or April meeting. Wayne will notify LSI that the modification to the parking was acceptable.

04/28/2012 Pat Cayer from LSI has the plan ready for submittal to the DEP. He wanted to schedule a meeting with the ExCom and the Transportation Committee to review the final plan but it was almost impossible to schedule a date that would fit everyone’s schedule. Dave Bond asked Wayne to see if Pat could send a PDF of the plan for review. Wayne said he would contact Pat and get it done.

05/19/2012 The final design plans have been received from LSI and forwarded to the transportation Committee for review. The only noted change was a minor relocation of the end of the ferry access road to better accommodate traffic flows. Wayne said he would send copies to the
<table>
<thead>
<tr>
<th>Date</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>06/16/2012</td>
<td>The Transportation Committee met with Pat Cayer and Mark Gray to review the plans for a final time before submitting to the DEP and the Town of Raymond Planning Board. It was decided to pave a portion of the Ring Road because of the slope and the concern for erosion. It was surprising to learn that paving actually was beneficial to the phosphate calculations, relative to non-paved areas. It was determined that signage had to be addressed before submitting the plans to Raymond. Wayne has signed the Planning Board application and delivered the check in the amount of $1623 to Pat Cayer for inclusion with the Planning Board. In addition, Wayne has received the DEP application from Mark Gray for the Storm Water Permit. Mr. Nun made a motion authorizing Wayne to sign the permit application. The motion was seconded by Mr. Thomas and passed with 7 votes in favor and 0 opposed. There is a $250 application fee that must accompany the submittal.</td>
</tr>
<tr>
<td>07/14/2012</td>
<td>The Raymond Planning Board met to review the site plan application that Frye Island submitted. In addition to the Planning Board, and the engineers representing Frye Island, there were a number of residents from the lower Cape Road in attendance. A few spoke in opposition to the park &amp; ride for various reasons including safety at the crossing area, additional traffic on Quarry Cove Road, security, lighting etc. The Planning Board suggested a site walk which was scheduled for Monday July 16th. In addition, it was suggested that a traffic engineer be employed to help quantify the traffic in the area and review site lines etc. We are waiting a cost estimate from a traffic engineer recommended by Mark Gray.</td>
</tr>
<tr>
<td>08/18/2012</td>
<td>We have an estimate of $2500 for the traffic study. Wayne gave the engineer the OK to perform the study. We don’t expect to be ready for the Raymond Planning Board again until September.</td>
</tr>
<tr>
<td>09/22/2012</td>
<td>We had a meeting with the design engineers was held on 09/14/2012. Pat Cayer, Project Engineer, Mark Gray, Civil Engineer, and Bill Eaton, Traffic Engineer, were present. In addition, John Crosby, John Nun and John Schutz were there. There is still some work left to do on the traffic study report. The 2 biggest complaints to the park &amp; Ride proposal, as presented to the Raymond Planning Board and the local residents, were the additional traffic on the Quarry Cove Road which would require additional maintenance, and the potential safety issue created by the need to cross the Cape Road to get from the P&amp;R and the access road. I have also heard concerns from some residents about the need for Islanders to drive past the access road to the Quarry Cove Road to get to the P&amp;R and then to the ferry. Pat presented an option to re-route the Cape Road to the Ring Road which eliminates all of these concerns. All of the engineers present felt this was a better long term solution. The traffic engineer is going to finalize his report and Pat is going to develop a cost estimate to engineer the additional option and what a ball park cost would be to construct the 2 options. The members of the ExCom indicated that they didn’t want to consider the 2nd option and they didn’t want the engineers to spend any time on it. Wayne will inform the engineers.</td>
</tr>
<tr>
<td>10/20/2012</td>
<td>Wayne reported that we are still waiting for the traffic study from the engineer. At this time we are not sure if we will make the November Planning Board meeting.</td>
</tr>
<tr>
<td>12/01/2012</td>
<td>Wayne reported that the engineer wasn’t ready for the December meeting so the plan is to be on the January agenda. Mr. Bond has agreed to represent the Town at the meeting.</td>
</tr>
<tr>
<td>Date</td>
<td>Event Description</td>
</tr>
<tr>
<td>------------</td>
<td>---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>03/23/2013</td>
<td>The last meeting of the Raymond Planning Board was scheduled for March 13th however; we received a notice from the Town of Raymond that we had to add an additional $10,000 to the escrow account to cover the costs of their contracted planner and their attorney. Their Site Plan Review ordinance specifically says that the property owner would be responsible for all expenses arising from an engineering peer review but says nothing about legal fees which in this case total approximately $5,200.00. Wayne spoke to Raymond officials about this charge but they insisted that we have to pay it before we can continue the site plan review. The Executive Committee decided to forego the March meeting of the planning board and review the process at this meeting. Wayne provided a breakdown of the costs to date. The Executive Committee requested more detail of these costs which Wayne will provide. It was decided that the project to build the “Ring Road” should be placed on hold until a public information hearing could be held on the Island to explain the process, answer questions, and to correct some of the misconceptions. However, Wayne is to explain to Raymond officials that we are not abandoning the project but need some time to meet with Frye Island residents as long as the delays do not adversely jeopardize the process.</td>
</tr>
<tr>
<td>05/11/2013</td>
<td>It was determined that a postponement would not adversely affect the process. Wayne has distributed a breakdown of the current project costs to the ExCom. Wayne was asked to get as much of the information as he could on the website. It was decided to hold the public hearing on Saturday May 25th at 9:00AM in the Community Center. Dave Bond and Wayne will moderate the meeting.</td>
</tr>
<tr>
<td>06/01/2013</td>
<td>The Public Hearing was held on Saturday May 25th. 84 people signed the attendance sheet. Wayne opened the hearing and gave a little history of the purchase of the property on the mainland and the establishment of the Transportation Committee (TC). Wayne mentioned that the TC determined very early that there were 2 issues that needed to be addressed concerning the traffic on the mainland. The first was the parking and the second being the safety hazard created when the queue waiting for the ferry extends onto the Cape Road. Wayne also described a number of options the TC addressed in order to determine a way to increase the number of vehicles that could be transported to the Island in order to keep them off the Cape Road. The TC ultimately determined that the best option available was to develop the “Ring Road” to eliminate the parking issue on the access road and the Cape Road and to provide an area for queuing when necessary. Dave Bond then presented the all-inclusive conceptual plan and then the Ring Road concept that was being considered by the Raymond Planning Board. The project is still on hold so the ExCom will have to determine whether to continue with the approval process. A motion was made by Mr. Bond to appropriate $12,000 from the Long Term Transportation Reserve to continue the review process. The motion was seconded by Mr. Nun and approved with 7 votes in favor and 0 opposed. Wayne will notify Raymond to continue the review process.</td>
</tr>
<tr>
<td>06/22/2013</td>
<td>Wayne reported that the Town of Raymond has been notified to place Frye Island on the July Planning Board agenda and Wayne asked if they needed any more information for the meeting. Wayne has also asked Calvin to prepare a check to satisfy the escrow.</td>
</tr>
<tr>
<td>07/27/2013</td>
<td>The Raymond Planning Board met on July 10th to discuss our application. The Storm Water permit from the DEP is still outstanding awaiting a report on the flowering begonia from the consultant. That study couldn’t be finalized until the middle / end of July. There are also questions about the safety issue at the point where pedestrians and vehicles have to cross the Cape Road. We will probably not make the August meeting but should be able to make the September meeting.</td>
</tr>
<tr>
<td>08/24/2013</td>
<td>No Change</td>
</tr>
<tr>
<td>09/13/2013</td>
<td>We were not able to get the information from the DEP or the traffic engineer in time for the September meeting but we should make the October meeting. Wayne mentioned that he had met with the DEP and the consultant that did the vernal pool / Nodding Pogonia study. It appeared that the DEP now had the information needed to issue the storm water permit. In addition, the traffic engineer had completed further studies and was issuing his report that supposedly will support the Ring Road plan as providing a safer option than having vehicles</td>
</tr>
</tbody>
</table>
Mr. McCarthy stated that he felt we should continue with the permitting process but wasn’t convinced that we need to construct the Ring Road in the immediate future. He asked Wayne to find out what the time restrictions were if we got site plan approval from the Raymond Planning Board.

10-19-2013 The Raymond Planning Board (RPB) meeting was postponed from October 9th to the 23rd. Mark Gray, Frye Island’s engineer has submitted the documents requested by the RPB including a request for a 5 year extension after the permit is approved.

12/12/2013 The Raymond planning Board suggested that we do a survey to help determine the potential usage of the parking area when it is approved to see if the available parking spaces are sufficient. We have received the permit from the DEP and this information plus the results of the survey will be submitted to the RPB for the January meeting.

02/13/2014 The information that the RPB requested was not ready for the January meeting but it has been submitted for the February meeting. The meeting was held on Wednesday February 12th. At the meeting the RPB unofficially denied the application for the Ring Road project. The PB members felt that the crossing at the Cape Road –Ferry Road intersection presented a greater hazard than having cars queued on the Cape Road when it occurred. This was in contrast to the traffic engineers report. Raymond’s attorney will develop the finding of fact to officially deny the application. At which point the RPB will have an official vote. Our attorney hoped to get a copy of the finding of fact before it was presented to the RPB, which is expected to be at the March meeting, to help develop a strategy going forward. Wayne received an email from Mark Gray outlining the possible options going forward.

1. Discontinue the quest for the project
2. Appeal the RPB decision through the appropriate legal channels
3. Modify the project to eliminate the RPB’s safety concern.

The ExCom has decided to wait until the finding of fact has been prepared before determining any future action.

03/18/2014 The RPB was scheduled to meet on Wednesday March 12th but the meeting was postponed until the 19th because of inclement weather. The preliminary “finding of fact” has been received from Raymond’s attorney and has been reviewed by the Island’s attorney. In addition, I have received final invoices from the Engineers.

1. JAMM Engineering - $7931.70
2. Jones Associate - $352
3. Eaton Traffic Engineering -????? Have tried to get final invoice but I have not received it yet. However, we do have a credit.

A motion was made by Mr. Nun to appropriate up to $3500 from the LTTR to pay these invoices. The motion was seconded by Mr. Walker and approved with 6 votes in favor and 0 opposed.

<tr>
<th>E-911 Addresses</th>
<th>ExCom</th>
</tr>
</thead>
<tbody>
<tr>
<td>09/17/2011</td>
<td>Wayne has spoken with the State E911 coordinator. She has sent an E-911 map book which identifies all of the roads on the Island with the number ranges that they have on record. Wayne indicated the first step in the process was to review all of the roads that on the E911 map book for accuracy. This will probably extend into a winter project. For more information see the minutes of the 08-13-2011 meeting.</td>
</tr>
<tr>
<td>10/15/2011</td>
<td>No Change</td>
</tr>
<tr>
<td>12/03/2011</td>
<td>No Change</td>
</tr>
<tr>
<td>02/04/2012</td>
<td>No Change</td>
</tr>
<tr>
<td>04/28/2012</td>
<td>Wayne and John need to meet to identify the road names that are very similar and decide on new names. These, one approved by the ExCom, will be submitted to the State for inclusion on the 911 maps. Then the numbering can begin.</td>
</tr>
<tr>
<td>06/16/2012</td>
<td>No Change. Wayne is setting up a meeting with John Crosby, Chief Persson and Chief Beaulieu</td>
</tr>
<tr>
<td>07/14/2012</td>
<td>Wayne is trying to schedule a meeting with Chief Persson, Chief Beaulieu and John Crosby to review the information and the maps of the Island provided by the State.</td>
</tr>
</tbody>
</table>
Wayne met with Chief Persson, Chief Beaulieu, & John Crosby. The Island maps provided by the State were reviewed it was determined that there were seven roads that might need a name change to eliminate potential confusion:

1. Leisure Lane (south of Sunset) change to Lake Shore Drive
2. Paddock Circle
3. Birch Road change to Blueberry Lane (to differentiate from Birch Circle)
4. Harbor Lane change to Poplar Road
5. Hillcrest Drive change to Foothill Lane to differentiate from Hillside and Hilltop
6. Hillside Drive to Mountain Road to differentiate from Hillcrest Drive and hilltop
7. Leap View Circle change to Cape View Circle to differentiate from Lake View Circle.

No Change. Mr. Bond asked if the new street names had been finalized, he apparently is getting some disagreement on the names that were presented. Wayne stated that they were not and if there were other suggestions he would like to hear them.

Wayne reported that he will assign new E-911 addresses to a map during the winter so that a public hearing can be held in the spring to discuss the numbering system and potential changes in street names.

Wayne will hold a public information hearing when the Island opens to determine new street names for the ones that have been identified as needing changing to avoid confusion.

Wayne opened the hearing by describing the need to develop a more conventional E-911 street numbering system. The first step in the process is to review all of the street / road names and change the ones that are so similar they could cause confusion. This has been done and we are accepting suggested name changes. Wayne is still receiving street / road names. The plan is to meet with Frye Island Fire and EMS / Police and Raymond to review the names that have been submitted and provide the ExCom with the final suggestions.

We met to discuss the street name changes required. It was determined that we could leave Leisure Lane as it is and accomplish the necessary identification by using numbered signs. The others are recommended as follows:

- Hilltop – leave as is
- Hillside – Running Hill Road
- Hillcrest – Blueberry Lane
- Birch Road – Hemlock Road
- Harbor Lane – Poplar Lane

A motion was made by Mr. Nun to accept the names changes as proposed. The motion was seconded by Mr. Thomas. Betsy Gleysteen mentioned that Lower South Beach Road should be changed as well. The Board agreed and suggested she discuss this with the other property owners on Lower South Beach Road and provide the suggestion to Wayne. Mr. Nun amended his motion to include the name provided by Ms. Gleysteen. Mr. Thomas seconded the amended motion which passed with 7 votes in favor and 0 opposed.

Wayne received a suggestion from an owner on Hillcrest to change the name to Blueberry Hill instead of Blueberry Lane, and a suggestion to rename the Lower South Beach Road to Beach Cove or Beach Cove Path. The Executive Committee saw no problems with the proposed names. Wayne stated that he hoped to get the system set-up over the winter.

<tr>
<td>07/14/2012</td>
<td>The State requires that some municipal records be retained for less than a year while other records must be retained forever. With the exception of our lot files, which have been scanned, all other files are paper copies. We built storage racks in the back meeting room and the kitchen area of the Admin building and these areas are over flowing now. State law also requires that these records be maintained in a fire proof vault. We are investigating ways to better store our Town records and historical files. No action taken at this time</td>
</tr>
<tr>
<td>08/18/2012</td>
<td>Wayne indicated that there were a couple of lots adjacent to the golf course, and near the public works building that might support a new office building. The land was such that a daylight basement with access from Putting Hill Circle could serve as a record retention area and access from fairway lane could provide handicap access to the office. Wayne was directed to determine the square footage that would be required for a new office building.</td>
</tr>
<tr>
<td>09/22/2012</td>
<td>Wayne has received an estimate to construct a new office building for approximately $125,000. Wayne also mentioned that a recent inspection of the administration building determined that the foundation / supports for the rear of the building were failing and in need of repair. It was determined that an engineer should be hired to analyze the situation and</td>
</tr>
</tbody>
</table>
design a repair so we can solicit proposals. Wayne was asked if he had checked on the cost of a bond to fund these projects if they were bundled together. Wayne checked with the Maine Municipal Bond Bank (MMBB) and interest rates were between 3% - 4%. They only issue bonds twice a year. The deadline for the fall issue was already past. The spring issue required applications to be submitted by February. We will plan to get all of the project costs together so we can apply in February if the ExCom decides to apply.

<td>Wayne showed the ExCom a draft sketch of an office that could be constructed on the sight selected adjacent to the Maintenance Bldg. Mr. Donohue suggested that a new office building should be considered as a part of the changes being discussed to the downtown area and the siding of the present admin office, store &amp; café.</td>
</tr>
<tr>
<td>08/24/2013</td>
<td>Wayne has received a plan from Al Cuevas for the Town Office and Estimates of $15,000 for the foundation and floor, $25,900 for the framing (inside &amp; out), $5500 for the septic, and $1600 for misc. issues. This totals $48,000 but does not include the plumbing and electrical work. In addition, we have estimates to completely finish the inside including the plumbing, electrical, sheetrock, doors, flooring, heat/AC trim etc. with a 10% contingency for an additional $60,000. Wayne will present the construction of a new Administration Building at the public hearing on Labor Day weekend.</td>
</tr>
<tr>
<td>09/13/2013</td>
<td>The proposed office was presented at the public hearing and will be included on the warrant for the Town meeting. Wayne has investigated potential financing options for the new office and the siding projects for the Community Center and the Administration Building. It appears the best option may be a loan from the Maine Municipal Bond Bank. Over a 20 year term for $200,000 the interest varies from 3% to a high of 4.25%. A discussion followed about the concept of paying for these projects by getting a loan which would mean that future Islanders would bear some of the financial burden for these projects rather than requiring the present Islanders paying for this up front. If we use the Maine Bond Bank we will need to get a Bond Counsel to prepare the warrant article. Wayne will continue to work on this.</td>
</tr>
<tr>
<td>10/19/2013</td>
<td>A warrant article to borrow up to $150,000 to construct a new municipal building passed at the October town meeting. The warrant article was amended to include the loan payment be made from the undesignated reserve. John Crosby mentioned that if time permitted the Public Works crew would start clearing the property this fall. We will also need to get a waste disposal system designed and permitted. Wayne stated that we could appropriate funds from the Administration Capital Reserve to fund the beginning of the project until we got the loan from the MMBB and then reimburse the Capital Reserve. A motion was made by Mr. McCarthy to appropriate up to $5000 from the Capital Reserve to fund the project until we receive the loan. The motion was seconded by Mr. Donohue and approved with 7 votes in favor and 0 opposed.</td>
</tr>
<tr>
<td>12/12/2013</td>

</tr>
<tr>
<td>08/24/2013</td>
<td>ExCom 06/22/2013 The repairs to the rear wall are complete. Proposals are being collected to side the building with vinyl siding. 07/27/2013 No Change 08/24/2013 It was decided that new windows for the second level and vinyl siding should be installed on the Administration Office. Mr. McCarthy made a motion to appropriate up to $35,000 to install approximately 12 new windows on the second level and vinyl siding on the building. The motion was seconded by Mr. Walker and approved with 6 votes in favor and 0 opposed. Note: The areas under the porch where the ice cream counter is and the dining area will not be sided. 09/13/2013 Tom Sibley has been informed that the project was approved. He will attempt to get the windows installed before the Island closes but the siding may need to wait until spring. Wayne was asked to get the project quoted using the shake siding as well as the clapboard style. 10/19/2013 A warrant article to increase the appropriation an additional $13,000 from the Island Improvement Reserve to install “Cedar Shake” style vinyl siding passed at the 10/12/2013 town meeting. In addition, a committee is being developed to determine the color to be used. The project will not begin until spring. However, the new windows for the upper level have been ordered. It was also mentioned that there was a broken window on the lower level and the door in the lower level should be looked at. Wayne reported that these would be looked at and taken care of at the same time if necessary. 12/12/2013 Mr. Donohue reported that the siding committee was discussing the color of the siding to use and would contact Tom Sibley before the Island opened in the spring. 02/13/2014 Mr. Donohue reported that the siding committee had been in contact with Tom Sibley, they are preparing sketches for the ExCom to review before the installation begins next season. 03/18/2014 The ExCom reached the consensus that postponing the application of the siding until after the café has closed for the season.</td>
</tr>
</tbody>
</table>
| 08/18/2012 | E-Ticket system Wayne 08/18/2012 Mr. Potts discovered an error in the “to” & “from” the island data. This occurs because there are times when the time/date stamp reverts to 2009. Some of the data collected uses the server time stamp and some use the MD time stamp. The “to/from” data uses the MD time stamp. It was discovered that when the MD’s loose power they default to 2009 and consequently the data doesn’t appear as one would expect. All of the data is available in the system but I decided not to pay the developer to dig it out unless we needed it. On a daily basis we use the shift management data to review operations. On another note, we are looking into the next generation scanner. The existing MD’s use the windows mobile operating system which is not being supported and is difficult to program. It still works but if we plan to continually improve the system we need to change these devices at some point. The developer has identified a “ruggedized” Android tablet device that could provide more versatility including the ability to read bar codes from i-phones, read different bar-codes, attach to credit card scanners etc., and it is less expensive than the MD’s we are currently using. We plan to purchase one this year so we can test it before the season ends. Wayne also mentioned that a recent storm had taken out the Wi-Fi unit for the system. The device has been replaced but we don’t yet know the cost. Mr. Donohue told the ExCom that we should pursue the use of credit cards for ticket purchases. There are devices available that could connect to the scanning devices that will process credit cards. Wayne will look into these devices also. 09/22/2012 No Change 10/20/2012 No Change. However, Wayne has received inquiries from other ferry operators about the e-ticket system. The Chebeague Transportation Company has visited us twice and is very interested in a system similar to ours. The Town owns the software system that has been developed. Wayne will talk to the developers to identify compensation if others are interested in versions of our system. 12/01/2012 Wayne presented the draft proposal from the system developers. The ExCom felt that the
agreement as proposed by the developers was not sufficient for the Town in light of the marketing possibilities by Starlit. Mr. Donohue and Mr. McCarthy agreed to work on a counter proposal to be presented to the developers.

**01/26/2013**
We have reached a verbal agreement with Starlit. Wayne is waiting for the written agreement from Starlit.

**03/23/2013**
It appears that Chebeague has postponed any decision on the electronic ticketing system at this time. However, we are still looking into enhancements to our system including more versatile scanning devices and the ability to use credit cards to purchase ferry tickets.

**05/11/2013**
Wayne has forwarded information and specifications on more advanced scanners to the developer to review. Assuming they are compatible with our software and can provide the additional services we want, (read a bar code from a smart phone and accommodate credit / debit card purchases) we may purchase one for a trial.

**06/01/2013**
No Change

**06/22/2013**
Wayne stated that the system appeared to be working well and he didn’t want to make any changes until after the high season.

**07/27/2013**
The operating system for the mobile devices (MD’s) is Windows Mobile which is no longer supported. So we have options. The system is working well now but the MD’s are wearing out from everyday use. New ones capable of reading bar codes from smart phones etc. cost about $2000 each and we have 5 of them. In order to use the ruggedized smart phones we need to re-write the software using the android platform. I have asked for an estimate to re-write the software to compare the cost vs. purchasing new MD’s.

**08/24/2013**
No Change

**09/13/2013**
The developer has determined that we would be better off to stay with the upgraded version of the mobile devices we now have. One has been ordered so that it can be programeed and used before the Island closes.

**10/19/2013**
Wayne will prepare the move from the Island to the mainland during this move.

</thead>
<tbody>
<tr>
<td><strong>05/11/2013</strong></td>
<td>The long term plan for recreation was submitted to the ExCom last year and tabled until the ExCom members could comment. To date we have not received any comments. In addition, I have a request from the Recreation Commission chair to develop the old tennis courts at Recreation Beach for volley ball, horseshoes, bocce etc. Estimated cost is $1800 plus cost of DPW work to remove trees and roots, level area etc. Also have a request to reduce the height</td>
</tr>
</tbody>
</table>

---

9
of the old chimney at the rec. area and modify it so it can be used safely including picnic tables and a deck around the chimney. Wayne has received comments from Mr. Thomas. Everyone agreed that the Recreation Commission did a great job developing the plan. Wayne was asked to invite the members of the Recreation Commission to the next meeting to discuss the plan. The plan will be updated based on the projects that have been completed, and the recommendations from the ExCom then be posted. Comments from the general public will also be considered. Wayne reported that he had a proposal from Mr. Crosby to complete the work requested at the Recreation area tennis courts for $6000.00. A public hearing will be held before any construction is commenced in this area.

<table>

**Fire Department Equipment**

<table>
<thead>
<tr>
<th>Date</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>08/24/2013</td>
<td>We have been doing inventories of the equipment at the Fire Station. While there is some equipment that we doubt we would ever use, there is a need for turn-out gear. A good part of the existing gear is no longer certified. We need 12 sets of turn-out gear @ $1450 each plus other equipment. I request that the ExCom appropriate up to $40,000 from the Fire Department Capital reserve to purchase necessary equipment. We just learned that there is more work to be done on both fire trucks. One has a broken spring support that has worn through the exhaust pipe and both had so many valves leaking that the company couldn’t do the required pump tests. In addition, engine 6 has radiator leaks and needs replacement. We hope to have a quote on the necessary repairs before the Saturday meeting. There is $137,485 available in the Fire Dept. Equip Reserve. A motion was made by Mr. Donohue to appropriate up to $40,000 from the Fire Department Equipment Reserve to make the necessary repairs and purchase the needed equipment. The motion was seconded by Mr. Walker and approved with 6 voted in favor and 0 opposed.</td>
</tr>
<tr>
<td>09/13/2013</td>
<td>We have scheduled appointments with 2 manufacturers of turn-out gear. It seems that with the exception of 4 sets, all of the gear is out of compliance. In addition, as we continue with the truck and equipment checks we find more and more issues that require correction. Hopefully the money appropriated at the last meeting will cover everything.</td>
</tr>
<tr>
<td>10/19/2013</td>
<td>Engine 6 has returned from the shop and is back in service. Engine 1 is now in the shop and is not expected back for 2-3 weeks. When we get it back we will lease it to the Town of Raymond for $1.00 to be a back-up for the winter. With the lease, Raymond will be responsible for the insurance. We have also selected a supplier for the turn-out gear. 10 volunteers have been fitted for new equipment. There is a 60 – 90 day turn around so this equipment will be</td>
</tr>
</tbody>
</table>
ordered and purchased for the 2014 season. Wayne reported that Engine 6 recently came back from being serviced and it was determined that the pump would not draft from the dry hydrant at the ferry landing. The mechanic from East Coast feels that the problem is the wear rings on the pump and he will prepare an estimate for the repair. The pump test cannot be done until this repair is complete. Engine 1 is now at East Coast for service. We hope to get that truck serviced ASAP so that the pump tests can be done before the Island closes.

| 12/12/2013 | The work on Engine 1 is complete and the truck has been leased to the Town of Raymond to be used as a backup for them. With the lease, their insurance will cover the apparatus as long as they have it. Both East Coast and Raymond report that the truck is now in excellent condition. Engine 6 is still at East Coast. Wayne reported that the required safety equipment was purchased for a total cost of $23,897.16 which would be paid for from the $40,000 appropriated at the August 24, 2013 meeting. In addition there were unexpected expenses to repair both fire trucks, (Engine 1 for $6462.66 and Engine 6 for $8775.82), that would be paid using most of the remaining $16,116.54 from the $40,000 appropriation. Mr. Bond reported that the front mounted pump on Engine 6 has been removed and will remain at East Coast over the winter for repairs. Engine 6 has been returned to the Island. Mr. Bond also commended the Raymond Fire Dept. and Chief Bruce Tupper for their help and support during the reorganization of the Frye Island Fire Dept. Raymond recently installed some new equipment on the pole provided by Frye Island at the mainland ferry terminal that should enhance the emergency communications between Raymond, Frye Island and Cumberland County. In addition, Mr. Bond also mentioned that with the reorganization the Island now had 10 -12 volunteer fire fighters that were on the Island full time in addition to those that were available on weekends and he commended John Crosby, Rich Purtell and Jean Johnson for their help and support. There was some discussion about the cost of property insurance on the Island and there was mention that the reason the costs were increasing was because of the recent upheaval in the Fire Department. However, Wayne stated that he had discussed this with the Town's insurance agent and was told it was because of the fact that the Island is uninhabited during the winter months. Mr. Bond did explain that some insurance carriers determined their risk based on a geographical area such as a county as opposed to a local area such as Frye Island. By using a zone average it helped to reduce the insurance costs assessed by some carriers. It was suggested that Mr. Bond be appointed as Fire Chief instead of Acting Fire Chief. Mr. Bond indicated that he and Wayne had a discussion about this when the initial appointment was made and at the time he preferred to be the Acting Chief, but with the help and support he has received would consider becoming the full Chief. Wayne said that this appointment was one of his duties and he would see that it happened as soon as the Island opened in the spring.

| 02/13/2014 | No Change |
| 03/18/2014 | No Change. Mr. Bond reported he had been in contact with East Coast and they have all of the parts necessary to rebuild the pump for Engine 6. |
